A tax credit for working people – you may qualify!

The Earned Income Tax Credit or EITC, is a tax credit for people who work, and earn low to modest incomes. Those who qualify and claim the credit could pay less federal tax, and may also get a tax refund, even if they don't owe any tax at all.

The EITC is the federal government's largest benefit for workers. For people who have earned income from working for someone or running a business or farm, it's money that positively impacts change in their life, family and community. This tax credit greatly reduces poverty for working families. These working family credits lifted an estimated 9.4 million people out of poverty, including 5 million or more than half of them children, according to the Internal Revenue Service.

Here are a few things people should know about this credit:

- Taxpayers may move in and out of eligibility for the credit throughout the year. This may happen after major life events. Because of this, it's a good idea for people to find out if they qualify.
- To qualify, people must meet certain requirements and file a federal tax return. They must file even if they don't owe any tax or aren't otherwise required to file.
- Taxpayers qualify based on their income, the number of children they have, and the filing status they use on their tax return. For a child to qualify, they must live with the taxpayer for more than six months of the year.

More details are available on the EITC homepage.

  - The podcasts are 15 to 20 minutes in length. Topics range from Behavior Support Services to an Employer's Perspective on Hiring People with Disabilities.
  - ODDS recently approved that the podcasts count toward the 12 hours of annual Continuing Education Credits required for all Employment Professionals, including Personal Support Worker (PSW) Job Coaches. Listening to four podcasts will count toward one Continuing Education Credit (CEC).

Resources

Check out the information in this section for useful resources to help you succeed as a HCW or PSW.

The Registry

The Registry compares consumer-employer's information with information from available HCWs and PSWs helps to match those in the same community.

- Looking for work? Check the "Help Wanted" section for consumers looking for a provider.
- An updated profile demonstrates professionalism and attention to your career to potential consumer-employers.
- Take the time to check your phone number and your email address on the Registry. This will help individuals with getting in contact with you.
  - » Is your phone number current?
  - » Is your email address the one you use most often?
  - » Are they correct – free of typos or incorrect spacing?

Employer Resource Connection

The Employer Resource Connection (ERC) program helps consumer-employers, representatives, common-law employers, employers of record, and proxies manage in-home services. Working with a local consultant, they learn valuable skills such as how to hire, create and maintain professional boundaries with their workers, and much more!

Starting January 1, 2020, ERC service areas and consultants will change. Please refer to our website if your consumer-employer would like to receive these FREE services!

If your consumer-employer wishes to have more information, they can email OHCC.ERC@dhsoha.state.or.us, call at 1.877.867.0077, or visit us on the web.

Traditional Health Worker

The term Traditional Health Worker (THW) is an umbrella term for the five types of workers—Doula, Peer Support Specialist, Peer Wellness Specialist, Personal Health Navigator, and Community Health Workers.

In 2011, OHCC was charged to certify HCWs and PSWs who desire to become community health workers and personal health navigators.

- Community Health Worker is a frontline public health worker who is a trusted member of his/her community and/or has an unusually close understanding of the community served.
- A Personal Health Navigator is an individual who provides information, assistance, tools and support to enable the individual to make the best health care decisions.

OHCC offers a 96 hours Community Health Worker training. If If you would like to know more, please contact Yetu Dumbia at OHCC.CHW@dhsoha.state.or.us or call 877.880.8071, and press option 1 for more information.

Paid Time Off Benefits (PTO)

Through an agreement with the union SEIU 503 and the State of Oregon, HCW and PSW have access to PTO benefits - one of the few groups of in-home care providers in the nation to have secured this benefit! Benefits are determined based on your total gross wages earned in the first month of the determination period in which you worked 80 or more hours of covered employment. PTO benefits are designed to be used in connection with taking time off from your regularly scheduled work with your consumer.

1. You must complete and return a Form W-9 to the Trust Administrative Office.
2. You must perform 80 or more hours of eligible personal support work or hourly homecare work in October, November or December to earn 20 hours of PTO benefits as of February 1 of the next calendar year.
3. You must perform 80 or more hours of eligible personal support work or hourly homecare work in March, April or May to earn 20 hours of PTO benefits as of July 1 of the same calendar year.
