

Semwaw ese pwan nefinifin ngeni io me io, pwan ina chok usun kich

Koput me Eimwumwu non ei mwuun Coronavirus

Coronavirus ese awenewen ngeni ekkoch sakkun kinikinin aramas anongonong won ir chon ian, meeni fonuer, ika enuwen unucher.

Ei semwaw “2019 novel coronavirus” e feito seni Wuhan, China. Ena ew chok neni. Esapw seni chok i emon chon China – ika i murimurin chon China – ina pwata repwene kon afeiengaw ar repwe torir ei semwen.

Esapw ita seni an emon makuno mesan ika aea maku, iwe ita a semwen.

Mei wor popun an aramas aea maku ika makuno meser faniten ekkoch popun, ren ar repwe tumunu inisir seni susun mworomworen ira ika met kewe inisir mei achichin ngeni ika fen faniten ar oreni. Kosapw ekiekingaw ika apwungu emon aramas anongonong won an makuno mesan ika aea maku, ika fen ekieki pwe i mi semwen.

Ka tongeni eukatiw koput me eimwumwu. Poputa ne eaea fengen poraus mei pwung.

Kosapw apworausafetanei och pworaus mi mwan. Sineiochu pwan ekkoch auchean poraus seni ekkei mei tetenatiw fan:

- Centers for Disease Control and Prevention (Putain Tumunun me Epetin Semwaw)
- An ewe Oregon Health Authority (Pwutain Safei/Pioing) COVID-19 website

Kakapas/poporaus ika en mi rong, kuna, ika anea poraus mi mwan ika kapasen koput/nefinifin ren aramas.

Mwitir achema ngeni ewe chon kapas (non pwetete) pwe: kapasen esit me koput ngeni aramas ekan chok attaieno an aramas kinawe me tumwunoch. Ika ka kuna och fofor mi afeiengawa aramas, kopwe repotei ika asine ngeni ponis.

Kopwe kirikiroch me umoumouch ngeni ekkewe mei wor ar riaffou.

Ika ke kan rongorong, ika fen kuna pwun mei wor eimwumwu ika nifinifin ngeni aramasen non omw na kinikin, iwe kose mochen kopwe aporaus ngeni ion kan, me pwan achema ngenir pwe koput ika eimwumwu ese ketiw ikei me ekis meinisin.
