

# Stay Safe – Wear a Mask or Cloth Face Covering

COVID-19 mask and cloth face covering guidance for consumer–employers and homecare workers.

## Cloth Face Coverings

Aging and People with Disabilities (APD) and the Oregon Home Care Commission (OHCC) are committed to helping the people we serve and homecare workers to stay safe. Governor Brown has issued a statewide requirement that face coverings must be worn in any indoor or outdoor public space as of July 15, 2020. Based on the Governor’s guidance we are implementing a mask and cloth face covering policy.

Snug and comfortable

Ties or ear loops

Multiple layers

Able to be washed and dried

**A homecare worker who does not live with their consumer-employer must wear a mask or cloth face covering when providing any in-person care within 6 feet of the consumer-employer.** A consumer-employer may require all their homecare workers to wear a mask or cloth face covering when working in their home or when supporting them in the community. Cloth face coverings can be homemade. They are **not** for use with people who are COVID-19 positive.

## Consumers with disabilities and homecare workers

If a mask causes emotional distress to the consumer-employer or if the consumer-employer requests that their homecare worker not wear a mask, the worker will be exempt from wearing a mask. If a homecare worker has a medical condition that prevents them from wearing a mask, they may ask for an ADA accommodation. Homecare workers with an ADA accommodation are exempt from wearing a mask.
