## Keep your contact information current to help keep your benefits

Dear Oregon Health Plan member,

Your Oregon Health Plan (OHP) coverage is not changing! This letter is about the steps you should take to help keep your coverage in the future.

### How to keep your contact information current:

1. **Let us know right away when your mailing address, email address or phone number changes.** See page 2 for ways to report changes.
2. **Check your mail and read the notices we send.** Always send us the information we ask for.
3. **Keep up to date with the latest OHP news.** Go to **OHP.Oregon.gov** or ask your local OHP community partner organization. Find one at **[bit.ly/ohplocalhelp](http://bit.ly/ohplocalhelp)**.

### What you need to know:

#### 1. Your OHP coverage is still active.

You do not need to respond to this letter. If we need more information, we will let you know — as long as we have your current contact information.

#### 2. Upcoming changes to OHP after the COVID-19 emergency:

During the COVID-19 pandemic, most members kept their OHP, even if they had a change in their life, such as making more money. This was because of policy changes under the COVID-19 Emergency.

#### 3. After the COVID-19 emergency ends:

We will contact you if we need more information to see if you still qualify for OHP.

We want to help you get ready for when that happens. If we can't reach you, you could lose your coverage. Keeping your contact information current helps you stay covered.
