

CBO Attestation Script

(for use during surge, when declared by your county/ local public health authority)

During surges, we do not have full access to contact tracing services. These forms are proof of close contact or a case to allow individuals and households to receive wraparound services.

This document is a tool to complete the self-referral process for clients seeking COVID-19 related services. CBOs should use their best judgment along with the attestation forms when screening individuals for services.

1. How to approve a close contact

- a. Were you within six feet of a confirmed case (meaning the person had a positive test result) OR a presumptive positive case (the person has symptoms and was a close contact of a confirmed case, but does not yet have a test result)?
 - i. If Yes, move to the next question.
 - ii. If No move to No response.
- b. Were you around this person for 15 minutes or more?
 - i. If Yes, move to the next question.
 - ii. If No move to **No** response.
- c. Was the person showing any symptoms?
 - i. If Yes move to **Yes** response.
 - ii. If No move to **Yes** response.
 - iii. If unsure move to **Yes** response.
