Interim Guidance: Use of Personal Protective Equipment by Health Care Personnel in Resource-Constrained Settings

This guidance document is currently under review. For current personal protective equipment optimization guidance please refer to Centers for Disease Control and Prevention's [Optimizing Personal Protective Equipment \(PPE\) Supplies](#). Please also see [Oregon OSHA – Infectious Disease Rulemaking Updates](#), which contain pertinent information.

Document accessibility: For individuals with disabilities or individuals who speak a language other than English, OHA can provide information in alternate formats such as translations, large print, or braille.
