

# You're fully vaccinated.\* Now what?

## What you can do without a mask:

- ✓ Visit with other fully vaccinated people indoors and outdoors in private settings.
- ✓ Visit with unvaccinated people from a single household who are at low risk for severe COVID-19 disease in private settings.
- ✓ You can conduct activities outdoors without wearing a mask except in certain crowded settings and venues.

## What you can do while wearing a mask:

- ✓ Visit with unvaccinated people from more than one household.
- ✓ Visit with an unvaccinated person who is at increased risk of severe illness or death from COVID-19 or who lives with a person at increased risk.

## Quarantine

- ✓ You don't need to quarantine, or stay home for 14 days, if you are exposed to COVID-19.
- ✓ You don't need to quarantine after you travel within the United States.

## Testing

- ✓ You do not need to get tested if you have been in close contact with someone with COVID unless you develop symptoms or live in a certain group settings.
- ✓ You do not need to get tested before or after travel in the United States.

### \* When are you fully vaccinated?

- Two weeks after your second dose in a two-dose series, such as Pfizer or Moderna vaccines.
- Two weeks after a single-dose vaccine such as Johnson & Johnson.
